Turn within and experience a very special retreat at Temenos in the village of McGregor

A time to share the joy of music and movement through Nia

A time to laugh, to celebrate life and the beauty of human sound

A time to shake off tension with TRE

A time to exhale, to pause, to "be"

A time for stillness through gentle yoga, contemplation and meditation

A time to laze in the gardens, or walk the labyrinth, spiralling to our centre

A time to come together under a starry village sky and enter Great Mystery

Mostly, a time to slow down, to "slip beneath the blanket", inviting rest and renewal while finding deep presence within the Sacred Silence

Facilitated by: Tania Bownes,
